Geneva Wins

Crimson Outrushes Covenanters but Loses on Open Plays, 49-0

Geneva was forced to exert herself to the utmost to win to-day. Grove City playing, according to advices from Beaver Falls the strongest offensive game of any team that has met the Covenanters eleven this season. Geneva's scores were made wholly on end runs and forward passes, line attacks failing in nearly every instance. The Crimson team frustrated three forward passes, however, for losses of ten yards each. Three touchdowns were admittedly of the fluke order and the score gives a wholly inadequate idea of the character of the contest.

For Grove City, Pollock and Allen were consistent ground gainers while Geneva's stars were Dodds and McCartney. Grove City's new shift was successful in almost every instance and netted good gains. The Crimson eleven carried the ball by line plays almost double the distance thus gained by Geneva.

The steady consistent work of Grove City was most encouraging and, as said elsewhere, the victory was only an incident of a clean well-played game.

ANOTHER VICTORY FOR GROVE CITY HIGH

Grove City High added another victory to its splendid record this afternoon by defeating Greenville High 19 to 0. Both teams put up a snappy fight. In the second half, Slater intercepted a forward pass and ran 30 yds. for touchdown. Slater kicked goal.

During the last three minutes of play Campbell bucked ten yards through the line for touchdown. Porter followed soon after by a 50 yd. run for touchdown. Slater missed both goals.

CARMEN ANTIQUUM PROELIARE

The curious parallel between the Latin verse given below, and our familiar "Hit the Line" has been brought to the attention of the editor. We are informed that the passage in question appears in Schreier's "Altromische Schlacht und Spielrufe."

"Aclem perfringite!
Nobis sit victoria!
Ut Westmonasteriens!
Valde praestet purpura!
Campum reverterite,
Victi perant!
Et clamantes concinemus
Undecim dum concursant!

"HERE'S HOPING!"

When the team left for Beaver Falls this morning to meet Geneva to-day, the squad was strengthened by the presence of Capt. "Fat" Weil and "Ev." Meley. These men have been kept out of the game for sometime by injuries received early in the season.

Capt. Weil was injured in the Carnegie Tech game, three weeks ago. He received a severely wrenched ankle early in the game that sent him to the side lines. Although suffering much pain he played during the first half of the Bethany game last Saturday but was forced to retire early in the second half. Fat fills a big hole when in his position at left guard and the team needs him at all times.

Meley, who played right end on that famous team that sent Allegheny down to defeat last season, suffered a pair of cracked ribs in the Thiel game and has been unable to play since. He has been playing at tackle during the past week. "Ev" is a "scrappy" lineman and it is hoped that he will round rapidly into form and be able to assist the team to victory during the remaining games.

"Chief" Moon, who had his shoulder wrenched badly during a practise-scrimmage at the first of the season has been permitted to remove his arm from the sling. It is not expected, however, that he will be able to play again during this season.

Dunlap, who has been suffering from a strained tendon in the shoulder, is also improving but will probably not be able to take part in scrimmages again this year.

Ramsey, who replaced "Fat" Weil in the Bethany game, has been unable to play during the past week on account of a twisted knee. The injured member is repairing rapidly and Ramsey will probably be of service in some of the remaining games.

Pollock, whose aggressiveness keeps him in a badly battered condition the greater art of the time, is probably in the best condition that he term. "Mike" hits hard and is a has been in at any time during the sure tackler.

These words are written before the result of the game is known. The team will do its best and has the entire confidence of the College.

May victory or defeat be merely incidents of a good, clean, hard-fought game!

MEMORIAL HALL DEDICATION

The following announcement of the Memorial Hall Dedication exercises, to be held next Saturday, has been authorized by the College:—

"November 21, the thirtieth anniversary of the granting of the Charter of Grove City College, will be observed by the presentation of Memorial Hall to the College. Memorial Hall, the dormitory for men, was erected as a memorial to Joseph Newton Pew, who for eighteen years served as President of the Board of Trustees. The whole expense of erection was borne by the family of Mr. Pew.

The building affords accommodations of the best sort for the young men of the College. It is located on high ground on the left bank of Wolf Creek and overlooks the athletic field. The building consists of five entries or units and is of fireproof construction throughout. The furnishing received special attention by the donors. There are few college dormitories which equal Memorial Hall in equipment.

The exercises begin at 11 o'clock. The program is as follows:

Invocation.
History and text of the Charter.
Presentation of Memorial Hall.
Response.
Music by students.
Benediction.

After the exercises luncheon at a cost of fifty cents per plate will be served in the Gymnasium.

Luncheon will be followed by a meeting of the Alumni Association. This meeting is to consider the form that the memorial for the late President Ketler shall take. At the annual meeting of the Alumni Association on Commencement Day it was decided to raise funds for a memorial to the founder and first president, Dr. Ketler. The Alumni Association appointed a Memorial Committee, which after several meetings decided to raise \$60,000.00 for this purpose. A preliminary campaign has been carried on for several months. The Alumni Committee has not settled on the form of memorial, having decided to leave this question to be acted upon by the Alumni body.

In the afternoon the annual football game with Westminster College takes place. This is the athletic event of the Fall term. You may be sure of seeing an interesting well played game.

A full representation of the Alumni and friends of the College is desired, as the exercises include features in honor of Mr. Pew and former President Ketler."

HOME AGAIN!

Arrangements are going forward in Pelton Hall for a reception there next week to welcome Miss Ormond's trunk on its arrival home from a five months' tour of Europe. Its owner took leave of it, "a blentot," in New York in June and has not seen it since. After weeks of fruitless effort to find it Miss Ormond, who returned to the United States in September, was informed on Thursday by a letter from Cook's Dresden office that the trunk had been found and forwarded. The Collegian joys in Miss Ormond's joy at the good news.

THAT FRESHMAN RECEPTION

Eighty members of the Class of 1918 attended the Get-Acquainted-Feed in the Gymnasium on Tuesday evening. As the time prescribed by the upper classmen expired at noon the class celebrated the event fitting-

ly. Programs were furnished by the entertainment committee and were used in the conversation groups. As there are more girls in the class than there are boys the party took the form of a Leap Year affair.

The uninvited guests endeavored to show their appreciation by cutting the electric light wires in the cellar, but the only person annoyed by this clumsy method was the photographer and through his efforts the line was repaired.

At ten o'clock the refreshment committee served a lunch that was appreciated. The class wishes to thank the Senior members of the Vigilance Committee, Mr. Moser and Mr. Henderson, for their kindness and courtesy.

The Freshmen are proud of their large class and are endeavoring to make their roll reach the hundred mark before the end of the term.

"THE MAN THAT HATH NO MUSIC."

Music—the expression of the gods, and that which arouses the best and noblest in mankind.

We know but little of the beginning of music; it arose with speech itself yet even so—we have failed to let it become an integral part of us.

After some anthem of surpassing beauty has been sung I have known one of those fortunate persons of whom music has become a part, to ask—"Didn't you like that anthem? What is wrong with all you literary students, can't you appreciate good music when you hear it?" and shamefacedly we must admit our lack of appreciation.

I wonder if we were to let our interest in language and science take second place once in a while and give our whole attention to the jewels our music department sometimes offers us—whether our souls would not drink deep draughts of refreshment?

LIBRARY

The use of the library is becoming such an important factor of the college, that a systematic plan is being tried to show and explain to the students, the classification of the books, and the use of the card catalog, reference books, and guide to periodical literature.

Any students are welcome to make use of this privilege at 7:40 a. m. or 1 p. m. any day. Please sign up in advance.

ARN'T YOU JUST A BIT SORRY?

That you forgot your College song-book on Thursday morning.

That you lacked knowledge of current events when called for impromptu Monday evening.

That you never subscribed for the Collegian.

That you haven't shown respect for the instructor and your fellow students in class.

That you didn't relieve Sam Pringle of his burden, when on his way to the pie social, he said, "This is becoming monotonously heavy on my arm."

That you were not a Freshman on Tuesday night.

That encores are not permitted at the College "Sing."

DR. CALDER HONORED

Dr. Robert S. Calder's sermon on "Peace and War" is given the place of honor as leading article in the October number of the Western Theological Seminary Bulletin. A discriminating review, by him, of Sir Oliver Lodge's "Modern Problems" appears in the same issue.

CLUBS

English Club

The English Club met again last Wednesday evening, and discussed "The Lady of the Sea." "The Wild Duck" is next to be studied; then Shaw will be taken up. The Club is most interesting and instructive and a cordial invitation to join is extended to all upper classmen.

Speedwell

On Monday evening the Speedwell club had its regular business and open meetings. New members were received and the membership is now larger than it has been for some time. And its worth is estimated not only by its numbers but by the efficiency and quality of work done.

Philokalian

The Philokalian Club held its open meeting Monday evening, November 9th. All members present, which is very encouraging. In this Club we find the co-operation that tends to make a success of any venture. Each old member is doing her best and the new members are observing the motto, "If at first you don't succeed, try, try again." The older members wish to thank the new Philos for the ready response and excellent work they have been doing for their club.

We were pleased to see as visitors members of other clubs and extend a cordial invitation to come again. Visitors are always welcome.

COLONIAL CLOCK FUND

"Never, forever—forever, never"—
the old clock on the stairs. That's
what we're trying for—we at the Col-
onial—a beautiful, big old clock with
clear Westminster chimes. We sup-
pose you think "never" a good word—
that never, never can we get enough
money, but we're going to try and
what won't concentrated effort do?

Last Saturday night the lobby was
crowded to its capacity, gathered to
hear Miss Griffin "read."

After she had given us some ex-
cellent selections, there were a panto-
mime, and college songs.

Lots of the good old spirit, lots of
fun, lots of enthusiasm and lots of
money for the clock!

We're going to have some more en-
tertainments—watch for them and
come, won't you.

"THE GREAT DIVIDE"

In the desert of Arizona blooming with the myriad-colored flowers of the cactus plant and among the lofty peaks and yawning canyons of the Catalina Mountains are laid the scenes of the drama "The Great Divide" which the Shakespeare Literary Club will present under the direction of Mrs. Minna H. Cook on the evenings of November 24th and 25th in the Old Chapel. "The Great Divide" is a departure both in setting and in theme from any play which has been given recently. The central heroic figures, Stephen Ghent, a rough-hewn Arizona miner with no conception of the conventions, and Ruth Jordan, a gently-reared New England girl, are engaged in a violent conflict. It is a conflict between the elemental passions on the one hand and the refinement and conventions on the other—the lawless West against the law-abiding East. The plot, made up of stirring incidents, strong unexpected climaxes and striking contrasts in the characters, is so developed as to hold the attention until the final fall of the curtain.
