Classical Christian Schools Internship Information

**I have a list of schools that are interested in participating. You may also choose a school that is not on the list and I will contact them to see if they would like to host an intern. Let me know which school so that I can contact them before proceeding.

**Fill-out the internship application

**The course is listed as “RELI 480 Internship in Christian Ministries” for 2 credits. Check the website for the latest fees.

**Depending on the school you might be required to get clearances and a TB test.

**You will most likely be staying with a host family from the school. You will need to offer to pay for your food and lodging. We recommend $125/week. If the family insists that you need not pay, offer them a gift card ($50) as a thank you for their hospitality.

**Requirements for the internship include keeping a journal, writing a reflective essay (5-10 pages), reading 2-3 books related to classical Christian education and writing a book report on them. You will also be evaluated by a mentor teacher from the school.
