Notes:

There is a lot of flexibility in choosing your Philosophy electives, but as you plan your course selections, remember that usually 300-level courses are more demanding and should be reserved for junior and senior years, and 200-level courses should be taken in freshman and sophomore years.

Note: No college credits are earned when a student receives a language waiver. When a waiver is earned, the credits currently assigned to foreign language study must be fulfilled through general electives of the student's choosing.
